

**Watching fireworks is popular and fun. Fireworks are safe if you use them properly. But fireworks are explosives and burn at high temperatures. They need careful handling and storage.**

**Did you know?**

**It is against the law to possess fireworks in public if you're under 18.**

**It is against the law to throw or set off fireworks in a public place.**

**Fireworks must not be sold to anyone who is under 18.**

**Sparkler safety**

**Did you know that sparklers get five times hotter than cooking oil?**

**And if you push a spent sparkler into the ground, the metal sticking out is dangerous if any one falls or steps on to it.**

**Please do not bring any fireworks to the Luton Fireworks display. This includes sparklers!**

**Thank you for your co-operation.**
